We would love to welcome you and your children to our working farm, where our aim is to provide all the necessary ingredients for a totally relaxing and happy holiday, whatever the weather!

Having four children of our own we have spent a long time trying to find the perfect family holiday, fairly easy with older children but difficult with pre-schoolers! Our requirements were simple we thought - family bedrooms with ensuite facilities.

A television with Freeview, (to buy a little extra time in bed) toys for the children to play with both indoors and out.

Add nursery teas and baby sitting and we would have the perfect holiday.

This is exactly what we offer you and much more....

As we specialise in meeting needs of families with pre-school children, we require that all our guests have one baby or child under 6 (older brothers and sisters are very welcome too!). You'll then find that you never have to worry about your child disturbing the other guests since everyone will know exactly how you feel!

www.higherlankfarm.co.uk

We aim to provide all the equipment, facilities, and toys you will need, enabling you to travel light and not arrive totally exhausted. We will even have a meal of your choice ready for you when you get here so that you know you can collapse, unwind and enjoy a glass of wine in the summer sunshine.

Every morning we feed our animals with the help of our small visitors.

The very favourite activity is always feeding the chickens, ducks & geese, and collecting the eggs! If you time your visit right you could also be bottle-feeding lambs or watching chicks and ducklings hatch.

All experiences your children will talk about long after their holiday is over.
